## ABOUT US

## ABOUT US

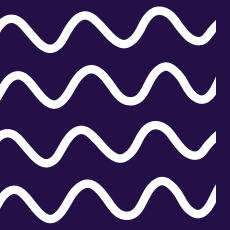

We founded DJ Solutions back in 2019 as two close friends with a shared passion for music. After years of performing individually across the Algarve, we decided to join forces and create something bigger, bringing our experience and energy together to deliver unforgettable events.

At DJ Solutions, we take pride in offering a truly personalised experience, crafting the perfect vibe for every occasion. We know how to read a crowd and smoothly transition between genres to keep the energy just right throughout the night, making sure every one of your guest has their moment on the dance floor. You'll also find us performing across the Algarve at some of the top venues. This summer catch us at the rooftop sunset sessions at The Bold Octopus.

WHATS NEW?

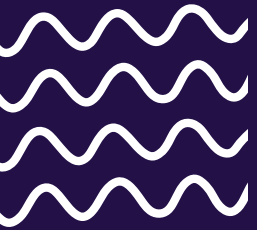

# WHATS NEW?

In addition to the modern DJ setup we are now incorporating vinyl into our performances, bringing a retro influence that adds a unique and nostalgic touch to our sets. This blend of old-school authenticity and cutting-edge technology sets us apart.

## FARBY

DJ Farby has been in the events industry now for over 18 years and has performed over 300 events in the Algarve alone since launching here in 2010. Music is his passion and he takes great pride in his work.

Farby knows that music is such an important part of your wedding or event. He has mastered the art of reading an audience and playing to the crowd to ensure that all of your guests get up on their feet and continue to boogie all night long!

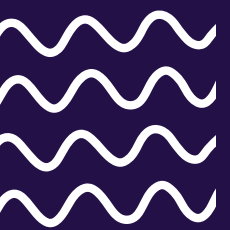

## DJACOB

Originally from Lisbon, DJacob has called the Algarve home since 2007 and is a regular at some of the region's most exclusive venues.

With years of experience in weddings and events, he's renowned for his unmatched music knowledge — not just across every genre, but worldwide styles too. From R&B, Hip Hop, Soul, Funk, and Disco to Afro Beats, Rare Grooves, and beyond, no genre is too challenging for this wizard behind the decks.

BACKGROUND MUSIC

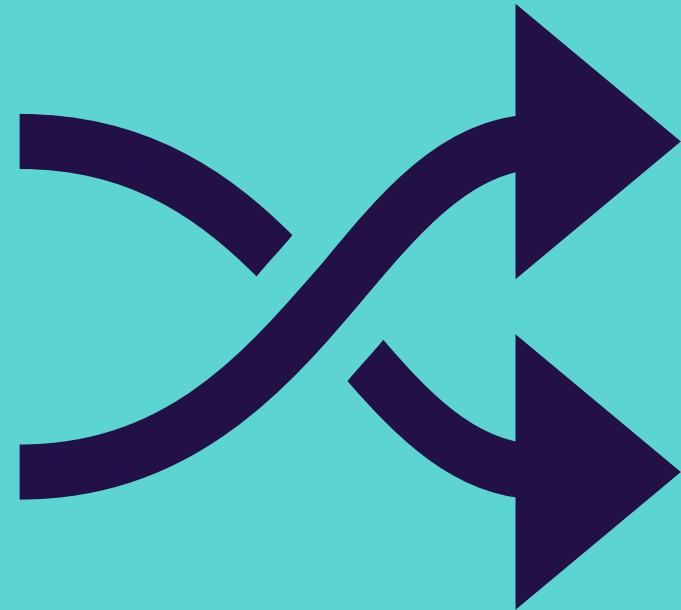

# BACKGROUND MUSIC

"Set the Mood Before the Party Starts"

The right music doesn't just start when the dancing begins — it sets the tone from the moment your guests arrive.

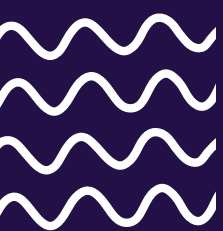

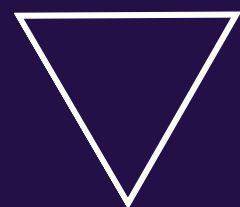

Our Background Music Service includes a professional PA system with curated playlists tailored to your event. Whether it's a cocktail hour, dinner, or a relaxed gathering before the party kicks off, we create the perfect soundtrack to complement the mood.

Enjoy seamless, worry-free music that fills the space, keeps the atmosphere vibrant, and transitions naturally into the live DJ performance later in the night.

## WEDDING SERVICES

# LET'S PARTY

As the party kicks off, it's all about creating the right energy on the dance floor. We seamlessly mix across genres, reading the crowd to ensure the vibe stays just right.

Bringing a fresh twist to our performances, we incorporate vinyl into our sets, adding a classic touch that blends nostalgia with a modern party atmosphere. Whether it's timeless anthems or contemporary hits, we spin the tunes that keeps your guests moving from start to finish.

Want to include some personal favourites? Send us your playlist in advance, and we'll have your chosen tracks ready to mix into the night.
